When Will LIFE Groups Resume?

This is probably the most asked question we receive. Yes, we have resumed worship services at all three of our campuses using social distancing and best sanitization practices. LIFE Group gatherings present a totally different set of issues. From the classroom settings, to the way fellowship is practiced and enjoyed, there are a number of factors to consider when working on the idea of returning to some form of campus based LIFE Groups. We know that many of our LIFE Groups are either using technology to hold virtual meetings or are calling and encouraging one another. We also know that people miss the personal interaction that comes from meeting in the same place. We are considering options which may result in different times and locations for LIFE Groups. We will let everyone know through social media and other connections when we are ready to announce this next chapter in our church ministry. Thanks!

A MESSAGE FROM

Adjusting to the new normal...

You hear this phrase quite a bit in our world today. From the way business is, or is not, conducted, to the ways families find to interact, things are dramatically different in the summer of 2020 than they were even six months ago.

Our church is learning to adjust as well. We celebrated a return to in person worship at all three of our campuses in May. By adjusting our seating areas for worship and following rigorous cleaning practices, we have complied with the best advice regarding resuming worship. We continue to offer our on-line and over the air worship opportunities as well. I have heard from many in our congregation who are being blessed weekly by both means of worship. Your faithful prayers and giving have helped provide these times of worship and Bible study to people both inside our area, and for many who live far away.

Now here we are at the first of the summer season. Normally summertime here at First would find our calendar jam-packed with camps and other activities. This year, though, our calendar has been adjusted due to changes brought on by Covid 19. Our three main camps of the summer, Student Life for Kids, for our grade-school age students, as well as our Junior and Senior High Camps have been cancelled.

I know you will be encouraged to learn that our Vacation Bible School is still scheduled for June 22-26. Sherrie Carter and her team have been hard at work determining safe ways to still engage children for this week. From smaller class sizes to practicing social distancing, there are a number of creative methods being put in place to make this a great week for children. You'll find more information about this elsewhere in our Focus. Meanwhile, our Student Ministry is planning Oneighty Summer Remix which will include a number of innovative ways for our Student Staff to interact with our students. Kody Prothro and his team have also spent many days planning events which will have a dynamic impact on our students.

What does the new normal look like? We can be confident in several things regarding this including that God is still in control and He is providing His people with new and exciting ways to share His Word even in these unusual times.

In Christ,

Bob McCartney
Senior Pastor
